

PROJECTS OVERVIEW

Promoting Environment Awareness

We have bulletin board that focuses on environment

We encourage social service as part of co-curricular activities

We organize Green School workshops regularly

We deploy students in community services

Promoting Environment Awareness

Our students help to keep the environment clean

We have our Green School Song
“**Selamatkan Sebelum Tamat**”

Our Eco Rangers collect resources weekly for recycling

We provide platform for recitation of poems on environment

Infrastructure for Teaching & Learning

We set up Green School Gallery to showcase green products

It serves as a resource centre for teaching and learning

We keep our classrooms clean & green.

We use recycle items as our learning materials

Infrastructure for Teaching & Learning

We showcase our international accolades in our R & D Gallery

Our students enjoy Moral Education class in action.

We display the projects that had won the international recognition

We express open recognition to the students who serve others

Collaboration & Networking

**MPSP- Local Action 21
Solid Waste Management**

UMW TOYOTA- community Projects

**State Agriculture Department-
Planting vegetables & fruits**

**State Forestry Department-
Planting forest trees**

Collaboration & Networking

State Veterinary Department-

The help us in animal husbandry & regular check-up for stray cats

Regional Centre of Expertise, USM-

To promote Education for Sustainable Development

State Wildlife Department-

They help us to send the wildlife to the jungle.

Training & Education

We equip students with green skills. Workshops on making (a) Compost (b) EM (c) Recycling (d) Soap from used cooking oil are carried out every year

Training & Education

State Veterinary Department-

The help us to take care of our Cat's Cabin Project by providing

- (a) Medical care,
 - (b) Cat food
 - (c) Cat Passport, Surgical Sterilization
- Our students learned from them.

Students learn how to take care of the young rabbits from the veterinarians.

Training & Education

Our student present topic on global issues during school assembly.
“Global Education in 5 minutes”.
